First Steps Into Biotechnology Career

Become part of Dong Foong Biotech Sdn Bhd (DFB). DFB internship program aimed at those who want to start the career in biotechnology. Our internships are designed to help you develop the skills and experience you need to give your career the best possible kick-start. At the same time, you’ll gain unique insight into our work and discover what an incredible biotech organisation DFB is.

Applications are now open for internship/industrial training.

Mail your application and curriculum vitae to:

dfbiotech@outlook.com

Join DFB and be able to:
• Learn new skills which will be of value to you in your future career and current academic study
• Actively contribute to research project, enabling you to put theory into practice
• Participate in commercialisation activities
